Dear Traci de Pape:

Re: VCH File 05-0903, OIPC File F05-26618

Thank you for your letter of March 10, 2006 and the accompanying documents. The article I have published with respect to VCHA's handling of this matter is enclosed.

This is a request pursuant to the *Freedom of Information and Protection of Privacy Act* for any emails, memorandums and other documents regarding instructions to Vancouver Coastal Health Authority staff with respect to the inclusion of the words "Not Publishable for Disclosure under Sec. 17 FOIPP" on any business case or other document that is prepared for VCHA's internal use (as was the case on three of the document's that I eventually received). I trust you will make your best efforts to satisfy this request within both the letter and spirit of the *Act*.

Sincerely,

David D. Schreck
